

## Report from Round 1: Full List by Division Order (Updated / Corrected)

Updated due to error on the previous report.

This may have changed the one that qualified please check the results.

The top 10% of each division advances, with divisions of 50 or less we take the top 5, plus ties.

The top 10% is calculated based on original number of entries in the division.

Example, if there are 54 bowlers x 10% = 5.4 bowlers, we take 5 bowlers because the fraction is not .5 or higher (major fraction, we do not round up until the fraction is .5 or better).

A "Q" in the "Qualify" column denotes a qualifier and an "A" in that same column denotes an alternate.

Alternates come on a standby basis; there is no guarantee you will get to bowl. If a qualifier fails to show up, alternates in the same division will be asked to step in. Alternate A1 will get the first opening; A2 will get the second opening and so on.
